

Welcome

Dear Colleagues

We, at University of Minho in Braga – Portugal, have been organizing hands-on courses since 2003. This year we decided also to have an International Symposium that will take place on 11th and 12th of November.

Our goal is to have world references to vastly discuss Microneurosurgical procedures in different pathologies. Microneurosurgery does not solely refer to the use operating microscope; rather, it is a conceptual way of planning and executing all stages of the operation utilizing delicate techniques of handling the different tissues. For that reason we invited Dr. Al-Mefty, Dr. Ali Krisht, Dr. Ture and Dr. Froelich, each of them world experts in different areas.

We believe this kind of symposium will be useful for both residents and qualified Neurosurgeons.

Carlos Alegria

Collaborators: Rui Almeida, Miguel Afonso, Leandro Oliveira, Maria João Machado, Renata Marques and Hugo Pereira.

International Symposium

All about microneurosurgery

11th-12th November 2022

Programme

Friday, 11th November

12:00 – Registration
14:00 – Welcome
14:15 – Surgical treatment of Acoustic Schwannoma - **Al-Mefty**
15:00 – Questions from the audience
15:15 – Do we still need to operate aneurysms? - **Ali Krisht**
16:00 – Questions from the audience
16:15 – Coffee break
16:45 – Treatment of Insular Tumors - **Ugur Ture**
17:30 – Questions from the audience
17:45 – Conference - **Sebastien Froelich**
18:30 – Questions from the audience
19:00 – Adjourn

Registration

- Fees: 100 €
- Registration form and information available at:
www.b-acis.pt/workshops/course-neurosurgery/
- Your registration will be effective only after acceptance and full payment of the course fee

Saturday, 12th November

08:00 – Surgical treatment of Cordoma - **Al-Mefty**
08:45 – Questions from the audience
09:00 – Surgical treatment of large aneurysms - **Ali Krisht**
09:45 – Questions from the audience
10:00 – Coffee break
10:30 – Surgery of brainstem lesions - **Ugur Ture**
11:15 – Questions from the audience
11:30 – Conference - **Sebastien Froelich**
12:15 – Questions from the audience
12:30 – Adjourn

Invited Speakers

Ossama Al-Mefty, MD, FACS

Professor, Director of Skull Base Surgery
Department of Neurosurgery
Brigham & Womens' Hospital
Harvard Medical School,
Boston, MA, USA

Uğur Türe, MD, FACS

Professor and Chairman
Department of Neurosurgery
Yeditepe University School of Medicine
Istanbul, Turkey

Ali F. Krisht, MD, FACS

Professor and Chairman
Department of Neurosurgery
Arkansas Neuroscience Institute,
Little Rock, Arkansas, United States of America

Sebastien Froelich, MD, FACS

Professor and Chairman
Department of Neurosurgery
Lariboisière Hospital, Paris Diderot University
Paris, France
